#### PREFACE

This is the nineteenth catalogue issued by the Fraternity since it was founded one hundred and nine years ago. It contains the names of 20,275 initiates (of whom 7307 are deceased) as of June 1941.

The Catalogue of 1915 marked a new era in the development of our publications to a maximum of usefulness. The 1922, 1928 and 1936 editions were published with still further improvements.

In this catalogue the chapter rolls appear in alphabetical rather than chronological order. This change was made in the interest of simplicity and standardization. It is felt that the catalogue will be a more practical and useful reference volume in its present form. The history of each Chapter is brought up to date and will appear opposite a picture of the chapter house. The history of the Fraternity includes an account of the duties of the Traveling Secretary and the purpose and activities of the Executive Council.

In addition to the Chapter and Class listing, the members are listed alphabetically and geographically.

The Fraternity asks the active cooperation of all members of Alpha Delta Phi in maintaining the card index from which this catalogue was compiled, the accuracy of which was attained through efficient assistance in the Fraternity office. Notices of deaths and changes or misstatements of address should be sent to the Alpha Delta Phi, 347 Madison Avenue, New York, N.Y.

We are deeply grateful to the many members who have assisted in the publication of this volume.

NEW YORK, July 1, 1941.

### HISTORICAL SKETCH

ALPHA DELTA PHI was founded at Hamilton College in 1832 by Samuel Eells, of the class of 1832. When he entered college in 1827 there were two literary societies at Hamilton, the Phoenix and the Philopeuthian, between which a bitter and active rivalry existed. He joined the Philopeuthian to escape importunity and persecution, but the struggle for supremacy became so desperate and the means of persuasion so unscrupulous that he determined to form a new society. In a history of the foundation of the Fraternity, Mr. Eells writes:

"It was a contemplation of these and similar evils that first suggested to me the idea of establishing a society of a higher nature and more comprehensive and better principles; one that should combine all the advantages of a union for intellectual and literary purposes and at the same time maintain the integrity of youthful character and cultivate those finer feelings which the college society extinguished or enfeebled. The new association first must exclude that jealousy and angry competition and secondly must be built on a more comprehensive scale providing for every variety of taste and talent, and thirdly it must be national and universal in its adaptations so as not merely to cultivate a taste for literature or furnish the mind with knowledge; but with a true philosophical spirit looking to the entire man so as to develop his whole being—moral, social, and intellectual."

The attempt to establish a chapter of Kappa Alpha at Hamilton in 1830 and the establishment of a chapter of Sigma Phi there in 1831 probably suggested to Mr. Eells some of the details in the development

of his plan.

The Fraternity was rapidly extended, the first chapters being established either by the founders of the parent chapter, or those closely associated with them. It was the pioneer fraternity in eleven colleges and the second or third in eight others. As it sought students of decided literary tastes, it soon acquired a distinctive literary character which in a

great measure it has retained.

As the result of additions and withdrawals there are now twenty-seven active chapters and eight inactive, with a total membership of approximately 20,000 of whom 13,000 are living. Twenty-four chapters own their own houses. There are no alumni chapters. Graduate associations, however, have sprung up in many cities and have been of great value to the Fraternity. Each one functions independently. These organizations

are strongly encouraged by the Fraternity.

The Fraternity is an undergraduate organization composed of the twenty-seven undergraduate chapters, all having the same ritual and ideas but each operating within itself as an individual unit. Annually each chapter sends delegates to an international convention which is the central governing body. Here problems of general policy are discussed and recommendations made which may be of benefit to the several chapters and the organization as a whole. The convention elects each year three officers of the Fraternity, a President, a Vice-President, and

a Secretary. These officers hold office for one year or until their suc-

cessors are elected.

As the Fraternity grew through the establishment of additional chapters in various parts of the country, it became necessary to establish a central alumni organization to coordinate the activities of the undergraduate units. In 1879 a corporation was formed under a special act of the New York State legislature known as "The Executive Council of the Alpha Delta Phi Fraternity." This Council is made up of the three officers of the Fraternity who are members ex officio, three members at large, one elected each year for a term of three years by the annual convention, and one representative elected every two years by each undergraduate chapter. An Executive Committee of seven members of the Executive Council functions on behalf of the Council between regular meetings which are held four times each year.

For the purpose of broadening the activities of the Executive Council and bringing about a closer contact with the undergraduate chapters, the office of Traveling Secretary was established in 1911. Since that time the incumbents of this office have dealt with matters relating to the welfare of the several chapters and of the Fraternity itself. Aside from chapter visitations with the attendant benefits of conferring with undergraduates on their local problems the Traveling Secretaries have been in contact with Resident Counselors and with college administrators and have brought about a closer relationship between the College or University, the local chapter and the Fraternity. At each regular meeting of the Executive Council the Traveling Secretary reports on his visitations since the previous meeting of that body.

The salary and expenses of the Traveling Secretary are provided through the income of the Traveling Secretary Fund, supplemented by annual contributions from the alumni organizations of the Fraternity. No charge is levied against the undergraduate chapters to support this

activity.

From 1880 to 1885 the Executive Council published an annual magazine, the *Star and Crescent*. Currently each chapter issues printed "Chapter Letters," giving news of the Fraternity, the Chapter, and the Alumni. Song books were published at New Haven in 1855; at New York in 1859; Albany, N.Y., in 1864; Geneva, N.Y., in 1869; Amherst, Mass., in 1875; and New York, 1896, 1904, 1912, and 1925. The Executive Council issues an insert to be included with chapter letters in the Spring and in the Fall of each year.

In 1897, when he was President of the Fraternity, Clarence A. Seward, Hobart 1848, established the Seward Scholarship Fund. At present two scholarships are granted. One is always held by a member of the Hamilton Chapter and the other for four years by members of the other

chapters in rotation.

In the fall of 1931 an international literary competition among the

undergraduates of the Fraternity was inaugurated.

Starting in the year 1837 catalogues have been issued from time to time giving information regarding the Fraternity as a whole as well as the chapters and individual members. This volume dated July 1, 1941, is the nineteenth so issued.

The original badge is an oblong slab with rounded corners, displaying on a shield of black enamel a white crescent bearing the letters "A  $\Delta \Phi$ "; above the crescent is a green star with a gold center, and below is the date "1832" in gold. On the back are engraved a monument with crossed sword and spear. This badge was partly superseded for some years by a jeweled crescent displaying the letters "A  $\Delta$   $\Phi$ " holding a star between its horns, which was at first used as a graduate symbol only. In 1912 the Fraternity adopted a standard slab badge and restricted the wearing of its insignia to the standard badge in the case of undergraduates and

to a badge or pendant by graduates.

On October 5, 1920, the Executive Council commissioned Captain Robert Aitken, a well known sculptor, to produce a statue in bronze emblematic of the fraternal and united spirit of all the Chapters of our Fraternity and of our two countries, Canada and the United States. This statue represents an American and a Canadian soldier, both of the rank of Lieutenant in their appropriate uniforms, wounded and helping each other off the field of battle. Under foot is a German helmet signifying that the struggle was crowned with victory. The group symbolizes service, leadership, sacrifice, and fraternity and is intended for all time to keep before our growing membership the great ideals of Alpha Delta Phi. A replica was placed in every chapter house as a constant reminder of the union of our several chapters and of our two Countries.

The Fraternity colors are emerald green and white with gold and black as subsidiary. The flower is the lily-of-the-valley. The pledge button is a shield divided vertically, half green, half white.

Among the alumni of Alpha Delta Phi are: President Franklin D. Roosevelt, Ex-President Theodore Roosevelt; Secretaries of State William R. Day, Bainbridge Colby; Secretaries of the Treasury Salmon P. Chase, Charles S. Fairchild, and William H. Woodin; Secretary of War Dwight F. Davis; Secretary of the Interior James R. ### CHARTER OF THE EXECUTIVE COUNCIL.

LAWS OF THE STATE OF NEW YORK, 1879

#### CHAPTER 245

An Act to incorporate The Executive Council of the Alpha Delta Phi Fraternity, and to provide for the organization of subordinate chapters.

Passed May 5, 1879.

The People of the State of New York, represented in Senate and

Assembly, do enact as follows:

Section 1. John Jay, Theodore W. Dwight, Algernon S. Sullivan, Erasmus Darwin Hudson, Jr., Edward Morse Shepard, and Francis Lynde Stetson, all of the city of New York, and all persons who are now or may hereafter become associated with them or their successors, are hereby constituted and created a body politic and corporate by the name and title of "The Executive Council of the Alpha Delta Phi Fraternity," and as such shall have perpetual succession, and shall be capable of suing and being sued in all courts of record and elsewhere, and of taking by gift, bequest, devise, or purchase, as well as of holding, granting, and conveying property, real, personal, or mixed, to an amount not exceeding one hundred thousand dollars,\* to have and use a common seal and break and alter the same at pleasure; and also to provide for the organization of such chapters as it may see fit under such rules, by-laws, and regulations as the said The Executive Council may establish, and with such powers as it shall give, consistent with this act and not in conflict with the laws of this State.

§ 2. The objects of such corporation shall be to promote morality, learning, benevolence, and social culture among the members of said fraternity, and to take charge of its property and business interests.

§ 3. The said The Executive Counicl shall have power to make from time to time such by-laws, rules, and regulations as it may deem proper as to the members, names, and duties of its officers or trustees, and as to the time and manner of their election and their term of office; and also as to the mode of acquiring and of losing membership in the corporation hereby created; and also as to the mode of conducting the business and the affairs of the said corporation; and generally as to all matters within the objects hereinbefore stated, and not in conflict with the laws of this State.

§ 4. In case the said The Executive Council shall provide for the giving of a bond or obligation by any officer, member, or subordinate chapter thereof, the same may be made to the said "Executive Coun-

cil of the Alpha Delta Phi Fraternity."

§ 5. The principal office of the said The Executive Council shall be in the city of New York; and it shall be the duty of such council in the month of January, in each year, to file a statement of its officers in the office of the clerk of the city and county of New York; and actions against the corporation hereby constituted may be commenced by the service of the summons upon any one of the persons mentioned in the statement so filed last, before the beginning of such action.

§ 6. This shall be deemed and held a general act, and shall take

effect immediately.

\*This amount has been substantially increased by later legislation. See General Corporation Law, Section 15.

# UNIVERSITY OF ALABAMA ALABAMA CHAPTER

#### THE ALABAMA CHAPTER

#### 1850-1859

The Alabama Chapter was established at the University of Alabama. Tuscaloosa, in 1850, by members of the Senior class, and remained for eight years an active and flourishing Chapter of the Fraternity, doing its appointed work, although at a distance from the other chapters and removed from immediate and frequent contact with them. The lively interest felt in the Chapter, and its firm hold upon the affections of its members, have been sufficiently attested in the correspondence of the compiler with its surviving members, whose result is apparent in the record of the Chapter. In 1858 the faculty of the University prohibited secret societies, and the Chapter suspended its active functions. The graduate members of the Chapter met immediately after this occurrence at Shelby Springs, Alabama, and organized a graduate association; but the war, in which so large a proportion of the members of the Chapter served under Confederate colors, early brought the annual reunions to a close. As the buildings, records and library of the University were burned during the war, sources of information as to college honors won by the Chapter are cut off.

# AMHERST COLLEGE AMHERST CHAPTER

#### THE AMHERST CHAPTER

1836-

Alpha Delta Phi was the first national Greek-letter fraternity to establish a chapter at Amherst. It developed from an original nucleus of eleven members of the class of 1837, who organized in September 1835, under the name of Iota Pi Kappa (significance unknown) to promote the study of history. Iota Pi Kappa was not destined to long life, for-as an account inscribed in Latin on the initial pages of the original minute book of the Amherst Chapter informs us—in September, 1836, after it had for a year "flourished and grown stronger," there arrived in Amherst two delegates from the Yale Chapter of Alpha Delta Phi, who, having gained the good graces of the members of Iota Pi Kappa, disclosed to them the purpose of their coming, namely, to establish a chapter of Alpha Delta Phi at Amherst. Doubt was expressed that the "Facultas reverendissima" would approve of such a project while Iota Pi Kappa remained in existence; whereupon it was proposed that Iota Pi Kappa change its name and constitution to that of Alpha Delta Phi. Iota Pi Kappa immediately convened, and voted to send three delegates to be admitted into the fellowship and privileges and to look into the question. These accordingly did so, and reported back favorably; their report was then laid on the table. Finally, after two or three months of debate, during which time nearly all the members of Iota Pi Kappa were one by one initiated into Alpha Delta Phi, an agreement was reached ("duobus exceptis") to discard the constitution of Iota Pi Kappa and to adopt that of Alpha Delta Phi. The first meeting of the new Chapter was held on Monday, January 9, 1837, in the room of one of its members. The charter members of the Amherst Chapter numbered seventeen members of the classes of 1837 and 1838.

The history of the Chapter has been on the whole one of well-ordered growth and development. During the first five years of the Chapter's history its membership was confined to the Senior and Junior classes. But the advent of another fraternity, in 1841, and the rivalry which sprang up between the two societies, compelled the admission of Sophomores and Freshmen. Since that time the Chapter has consisted of members of all four classes, chosen, for the most part, at the beginning of Freshman year. Until 1879, however, the two lower delegations did not

wear the badge of the Fraternity.

In 1873, they entered into negotiations to secure a house and grounds. These efforts resulted in the purchase of a chapter house, in 1874, and the society took possession of its new property in August, 1875. This chapter house was the first in Amherst.

The great fire on the morning of July 4, 1879, which swept away the business part of Amherst, did not spare Alpha Delta Phi; but the Chapter had the good fortune to save all its records. A new chapter house was built (1889-1890), occupying a commanding situation near the old house. In 1929 on this same piece of property another and larger home was constructed.

# BOWDOIN COLLEGE BOWDOIN CHAPTER

## THE BOWDOIN CHAPTER

1841.

The Bowdoin Chapter of Alpha Delta Phi was established on October 16, 1841. The charter members of the Chapter were all of the Class of 1842. For the first few years the meetings of the Chapter were held in a small building on the west side of the road running in front of the College, the structure having been built for an academy and being known as the Chateau or Gothic Hall. It has been thought that the Bowdoin Faculty was at first opposed to the establishment of secret societies, but they were consulted and offered no objection. The Chapter was fortunate in the selection of suitable members from the very first, and at once established an enviable reputation for scholarship and general leadership. The fact that it was the first fraternity on the Bowdoin campus partly explains the influence that it still holds among other fraternities there.

The Bowdoin Alpha Delta Phi Chapter House Association was formed in July 1898, "to acquire and maintain a chapter house in Brunswick for the use of the members of the Bowdoin Chapter." In that same year the Jackson property which was situated on the corner of Maine and Potter Streets was purchased and remodeled into the first fraternity house at Bowdoin. This chapter house served as the home of the Alpha

Delta Phi until 1924.

At the Annual Meeting held on June 18, 1924, a Building Committee was appointed with power to proceed with the erection of a modern chapter house. The next annual meeting in June 1925 was held in the new chapter house which had been erected on the site of the former one.

The present home of Alpha Delta Phi was made possible largely through the generosity of the alumni. In addition to the very substantial contributions received from nearly all of the alumni, the Association has received generous bequests. No statement in regard to the Bowdoin Chapter of Alpha Delta Phi would be complete without mentioning the bequest of \$20,000 received from the estate of Marshall P. Cram. Brother Cram was of the Class of 1904 and served devotedly

as the Resident Counselor of the Chapter for many years.

In June, 1941, the Bowdoin Chapter celebrated its one hundredth anniversary by being host to the 109th International Convention of the

Alpha Delta Phi.

#### THE BRITISH COLUMBIA CHAPTER

1926-

In 1922, the delegates to the ninetieth convention of Alpha Delta Phi considered further expansion in Canada. Accordingly, the McGill and Toronto Chapters were instructed to survey the situation and to keep the other Chapters informed as to the latest developments among Canadian colleges and universities. At the Fraternity convention in 1924, members of the Executive Council became interested in the University of British Columbia as a possible field for the Fraternity. They realized the advantage of its proximity to the Washington Chapter as well as the promising growth of the University. Accordingly, two alumni of the Toronto Chapter, resident in Vancouver and formerly active in the negotiations pertaining to the installation of the Washington Chapter, were asked to investigate the possibility of establishing a chapter at the University of British Columbia. In the course of their inquiries they came in contact with alumni of a prominent local fraternity on the

This local group had a short but interesting career. Formed in 1912, it flourished until the outbreak of war in 1914, when the entire body left on active service. In 1916, certain members, who had returned to Vancouver, organized a chapter of their fraternity in the new University of British Columbia which had taken over McGill University College. From that time, the University Chapter of Phi Epsilon was continuously in existence quite independently of the town group.

Early in 1925, the University Chapter asked to be allowed to petition Alpha Delta Phi and those of their alumni who had not attended the University of British Columbia, although realizing that they could not be signatories to the petition, gave enthusiastic support to the others in their request. Having secured the endorsement of the Vancouver Alumni Association of Alpha Delta Phi and the formal support of several chapters, including those in Canada and on the Pacific Coast, a petition was presented to the several chapters in December, 1925.

On February 17, 1926, word was received that the Fraternity had granted a charter for a chapter in the University of British Columbia to be known as the British Columbia Chapter, and the formal installation took place on September 25 of the same year.

In 1935, the British Columbia Chapter were hosts with the Washington

Chapter to the 103rd Convention of Alpha Delta Phi.

## BROWN UNIVERSITY BRUNONIAN CHAPTER

#### THE BRUNONIAN CHAPTER

1836-1841, 1851-

The Brunonian Chapter was formally instituted in 1836 when certain students of Brown University in Providence, Rhode Island, petitioned for a charter from the Alpha Delta Phi Fraternity. A delegation consisting of three men from the Hamilton, Columbia, and Yale Chapters came to Providence in the autumn of 1836 and inducted a group of undergraduates into the Fraternity. Meetings were held weekly on Saturday mornings and members were chosen only from the three upper classes in the University. It was adherence to the principle of selecting only outstanding upper-classmen which interrupted the continuity of the Chapter in 1838 when other fraternities had established themselves at Brown and proceeded to initiate members of the freshman class. The Alpha Delta Phi Chapter refused to accept freshmen for membership and was unwilling to choose men from classes already canvassed by rivals, and therefore during the period from 1838 to 1850 no initiations occurred.

The Chapter was reorganized in 1850 when a small fraternity at Brown, of which there was one other chapter in New England, namely at Williams, sought to become affiliated with the Alpha Delta Phi. This petition was granted due chiefly to the former reputation of the Brunchion Chapter and the hearty coöperation of its graduates. On the evening of April 15, 1851, William Wallace Crapo, Yale '52, by authority of the Fraternity met in Providence and initiated as members of Alpha Delta Phi seventeen students in Brown University of the Classes of 1851, 1852, 1853, and 1854. There immediately grew up a thorough sympathy between the new initiates and their predecessors of a dozen years, and the revived Chapter proceeded very much as though there had been no break in the line of succession.

For many years prior to 1904 chapter meetings were held Friday nights in a building at the foot of Waterman Street in Providence called the "Arnold Block." In 1904 the present chapter property located at 54 College Street was purchased. The farsighted committee in charge of the purchase and renovation of the fraternity quarters raised sufficient funds so that the property would be, from the beginning, absolutely free from debt. The Chapter was indebted to Brother John D. Rockefeller, Jr., Brn. '97, for a substantial contribution at this time which made possible the construction of a handsome "Lodge" or "Tomb," adjacent to the chapter house in which chapter meetings are held each Monday

night during the college year.

The Brunonian Chapter has continuously prospered and has the reputation in Providence and among members of the faculty of being an outstanding fraternity in the university community. Substantial legacies have enabled the Alpha Delta Phi Association, a corporation which owns the chapter real estate, to establish an Endowment Fund the income of which assists in maintaining its property.

### UNIVERSITY OF CALIFORNIA CALIFORNIA CHAPTER

#### THE CALIFORNIA CHAPTER

1908-

In 1899, Benjamin Ide Wheeler, Brunonian, 1875, became President of the University of California. A revivified spirit of scholarly ideals was thereby stimulated throughout the entire student body, which encouraged student leaders to organize into groups petitioning for charters of the more prominent fraternities not as yet represented at the University.

Among a number of such students a movement was begun in April, 1900, which soon culminated in the formation of a local fraternity, the Phi Sigma Delta. The members of this organization determined to secure a chapter of Alpha Delta Phi at the University of California, although they were fully cognizant of the fact that in attempting to obtain the establishment of the first Pacific Coast Chapter they faced a task more difficult than any ever before approached by a local petitioning body. For eight years, in spite of annual disappointment, the members of Phi Sigma Delta persevered in their efforts to maintain a local fraternity, the personnel of which would meet the approval of Brother Wheeler and of other Alpha Delta Phi alumni in California and, through such support and by their own efforts, to enlist the interest of the Fraternity as a whole in their proposal.

The installation of the California Chapter in September, 1908, signalized a radical change of front on the part of the Fraternity concerning expansion further westward, and opened the way for the establishment of other Pacific Coast chapters. The ultimate decision to place a chapter in Berkeley was in recognition of the high standing which was rapidly being attained by the University of California under the leadership of Brother Wheeler. Its remarkable growth and present academic eminence reflect his enthusiasm, foresight and high intellectual standards. At the beginning he was a source of great strength to the Chapter. Throughout his later life his interest in its welfare was perennial and of direct aid towards maintaining the prominent position among the leading fraternities at the University of California which the

ties at the University of California which the Chapter early acquired. Soon after securing an established position, the Chapter turned to the problem of obtaining adequate housing facilities. Generous aid from the alumni of the California Chapter and of other chapters assured its eventual success. The chapter house, formally opened and dedicated in September, 1924, provided the alumni and the active Chapter with one of the most attractive and commodious fraternity establishments in Berkeley. Built on the brow of a hill near the campus, it commands a sweeping view over San Francisco Bay to the Golden Gate.

Of recent years the initiation of both direct and collateral descendants of alumni of the Chapter has added strength through establishment of those family continuities in Alpha Delta Phi from which the older

chapters of the Fraternity have so long benefited.

## UNIVERSITY OF CHICAGO CHICAGO CHAPTER

#### THE CHICAGO CHAPTER

#### 1896-

The Lion's Head Club was organized in Room 21 of Snell Hall, on the University of Chicago campus, December 17, 1894. The first object of the club was to bring together a congenial group of men who had come to be known as anti-fraternity men because of the fact that each one had refused one or more bids from the fraternities then established at the University. The second, and most important, purpose of the organization was to work for a charter of Alpha Delta Phi.

Early in 1895 a petition was prepared setting forth the various advantages of the University of Chicago as a place for a chapter of Alpha Delta Phi. This was circulated among the chapters and when the convention voted in favor of the application, it was referred to the individuals for vote. The last vote needed was received late in December, 1895. The Lion's Head Club meanwhile had been making arrangements for

the necessary chapter house.

With the granting of the charter the main purpose for which the club had been founded was realized, and the question at once arose as to the fate of the old organization. It was finally decided to formally disband and use the Lion's Head Club as the nucleus of a senior honor society. In the end neither of these things was done and the organization passed out of existence with the initiation of its members into Alpha Delta Phi.

On the night of March 20, 1896, at the Auditorium Hotel, ten men were initiated and became charter members of the Chicago Chapter. Despite the fact that these men had been members of the University for several years before the granting of a charter, with the exception of two, they entered graduate work and thus some of the more usual tribulations of

a new chapter in its earliest days were avoided.

The first chapter house occupied was very small and did not afford ample space for a dining room. However, a certain amount of prandial spirit was secured by securing a room at a boarding house. The Chapter remained in these quarters for two years but as its personnel and responsibilities grew in number, it was found necessary to move to a larger house, which was damaged by fire after having been occupied for only three years. With continuous expansion, the Chapter lived in three or four other houses before acquiring a house on the present site. In 1928 this house was torn down to be replaced by the present chapter house, a beautiful structure of grey Indiana limestone in perfect harmony with the Gothic buildings of the University of Chicago.

The Chapter has no troubles or dissensions to chronicle; its way has been even and peaceful from the first, its outlook always the brightest, and its reputation in the University never anything but the best. In one particular it is perhaps unique. Never has it joined a combination in University politics, although its list of honor is the longest in college activities of every sort. It stands for two things in college, studiousness and good fellowship; and for one thing in life—manliness as exemplified

by Alpha Delta Phi.

## COLLEGE OF THE CITY OF NEW YORK MANHATTAN CHAPTER

#### THE MANHATTAN CHAPTER

#### 1855-1913

On the evening of March 9, 1855, eleven members of the New York Free Academy assembled at the Collamore House, Broadway, and there met two graduates of the Amherst Chapter, who avowed themselves so much pleased with the spirit manifested by the men there assembled, that they pledged themselves to use their whole influence with their own

and other Chapters to obtain a charter for the petitioners.

As a consequence of this meeting an application for the membership in the Fraternity was drawn up and a committee appointed for that purpose, and presented to the Amherst Chapter. The affirmative answer of that Chapter was received on April 6, 1855, and the other Chapters having signified their approbation, a charter was issued, dated July 9, 1855, and the evening of Monday, July 9, 1855, was chosen for the initiation of the new Chapter, at which time the ceremony was performed; and Manhattan Chapter held its first regular meeting on Thursday, July 12, 1855, at the residence of one of the brothers.

From this time onward the Chapter prospered, and on February 19, 1856, held its first meeting in its new rooms, No. 809 Broadway, as yet not entirely furnished. After the completion of the hall a special dedicatory meeting was held May 29, 1856, at which brothers from the Hamilton, Urban, Columbia, Yale, Amherst, Harvard, Geneva, Dart-

mouth, and Williams Chapters were present.

On June 24 and 25, 1857, the Twenty-fifth Annual Convention was held in New York City. The occasion was a great one in the Fraternity,

and Manhattan Chapter received great benefit thereby.

For a long time the Chapter held the even tenor of its way, nothing especially worthy of note occurring until in May, 1859, it received notice that the initiation of the Union Chapter was to be entrusted to Manhattan. Three brothers served as the committee for the Chapter, and on July 8 seventeen men of that College were duly initiated. In the latter part of this year the Graduate Chapter in New York, so long a noted, useful and helpful body of brothers, first met as an organized body.

In the spring of 1891 the Chapter moved to its separate quarters at 13 East 42nd Street. These rooms were well adapted to the giving of private theatricals, which formed a pleasant feature of the Chapter

gatherings.

In the winter of 1896 the Chapter moved into a commodious brown

stone house at 130 East 57th Street.

In 1913, the Chapter became inactive and conditions on the campus have not been considered propitious for its revival. The Fraternity as a whole owes a debt of gratitude to the many distinguished alumni of the Manhattan Chapter for their generous interest in the Fraternity, which has continued up until the present day.

# THE COLUMBIA CHAPTER

1836-1840, 1881-

The first Greek-letter fraternity to be established at Columbia was the Columbia Chapter of Alpha Delta Phi, which was founded in 1836 by John Jay and John Henry Hobart. At that time the Fraternity was four years old, and Columbia was the fourth college at which a chapter of Alpha Delta Phi was chartered.

The first meeting was held on June 16, 1836, presided over by Arthur Cleveland Coxe, an active member of the Urban Chapter. At this meeting

four men were initiated.

The rapid growth and increasing influence of this secret brotherhood served only to deepen the jealousy of the uninitiated. At length the Chapter numbered thirty-three, and their progress excited such unpleasant feelings between classmates that the Chapter returned its charter to the archives of the Fraternity, having reached the fourth year of its existence.

An interval of forty years now succeeded. From time to time applications for a charter of Alpha Delta Phi were received from students of Columbia College; but none met the entire approval of the Fraternity until the reception of the petition of the reorganizers of the Chapter.

With the surviving brothers and the Fraternity at large to encourage them, eight undergraduates assumed the task of reëstablishing Alpha Delta Phi in Columbia. The initiation ceremony took place Wednesday evening, May 18, 1881. It was conducted by representatives from the following Chapters: Hamilton, Yale, Amherst, Harvard, Geneva, Peninsular, Dartmouth, Williams, Manhattan, Middletown, Kenyon, Union,

Cornell, and Phi Kappa.

Ever since the Chapter has prospered and grown in importance and influence. After Columbia became a University and moved to Morningside Heights, a chapter house was purchased and was occupied until 1926. It had been evident for several years that this house was inadequate and too far removed from the campus, and in 1926 the Association of the Graduates of the Columbia Chapter of Alpha Delta Phi bought a larger house fronting upon the campus. It was dedicated on March 4, 1927, and has since been the home of the Columbia Chapter. The membership varies from thirty to forty.

# CORNELL UNIVERSITY CORNELL CHAPTER

# THE CORNELL CHAPTER

1869-

The Cornell Chapter of Alpha Delta Phi was founded on 1869 when seven alumni of other chapters, foreseeing the development of the University, decided that it would be a great opportunity for a successful chapter of the Fraternity. Arrangements were made for the Chapter, the charter members were chosen, and the first initiation took place in March 1869, at the Rochester Chapter.

At this time rooms were secured on Tioga Street, Ithaca, N.Y., where meetings were held until the following year when new rooms were taken on the Wilgus block. On midnight, May 4, 1878, sufficient funds having been subscribed by interested alumni, ground was broken on Buffalo Street for the construction of the new house. It is believed that this house was the first house to be built in America for fraternity

use only.

During these years the Chapter grew rapidly and became one of the leading organizations "on the hill." The house on Buffalo Street was occupied until 1903 when a new house was built overlooking Stewart Avenue to accommodate the expanded chapter. This house was, until its destruction by fire on February 11, 1929, one of the most beautiful houses on the campus. Immediately following the fire a special meeting was held at which the offer of the senior officers and directors of the Chi Phi house was accepted by the Chapter to take up temporary quarters at the Chi Phi house. The remainder of the term was spent there and the next two years on Summit Avenue. In the Spring of 1931, through the great interest of alumni, the construction of a new and slightly larger house was begun on the old Stewart Avenue foundations. The present house was completed in the Fall of that year, and is one of the most notable on the campus.

Throughout the period of its existence at Cornell the Alpha Delta Phi Chapter has been outstanding in college activities and organizations and has turned out many prominent leaders in the affairs of the nation.

# CUMBERLAND UNIVERSITY CUMBERLAND CHAPTER

# THE CUMBERLAND CHAPTER

### 1857-1861

The Cumberland Chapter was organized in the year 1857. During that year the Trustees of the Alabama University, at Tuscaloosa, Alabama, abolished all the Greek-letter fraternities existing at that institution, thereby compelling the Alabama Chapter to suspend its functions. Thereupon two members of the latter Chapter, who were at the time members of the Law School of the Cumberland University, at Lebanon, Tennessee, by authority of the Chapter and upon the advice of the graduate association, organized the Cumberland Chapter, and transferred to it the charter and records of their own Chapter. The legal status of the newly organized Chapter was not, however, fully settled until the next convention, and its list of membership first appeared in the catalogue of 1860.

At the breaking out of the great war between the States in 1861, the University, then one of the oldest, most celebrated and flourishing institutions in the South, was deserted by its students, nearly all of whom enlisted in the Confederate service; and its portals were closed. The college buildings subserved only the purpose of barracks for soldiers of both contending armies, and the University did not re-open until after

the war.

The Cumberland Chapter suspended its active functions in 1861, and this fact was recognized by the convention of 1863.

# DARTMOUTH CHAPTER

# THE DARTMOUTH CHAPTER

1846-

During the college year 1842-43 the Tau Delta Theta Society was organized at Dartmouth College with fourteen members, all from the Sophomore Class. It was small in numbers but well selected and managed. It moved on quietly, minded its own business, and did much good work. The next few years, however, found potent aspirations awakening within the bosom of the young society. In the autumn of 1844 it entered into correspondence with the Amherst Chapter of Alpha Delta Phi, with a view of converting the Tau Delta Theta into a chapter of the Alpha Delta Phi. The Amherst Chapter seemed to favor such a change; but no definite results were reached. At the same time strenuous efforts were made to keep other Dartmouth societies uninformed as to the initiation and progress of the ambitious plan. For such was the state of interfraternity jealousy that every possible hostile influence was brought to bear on the group; several times the negotiators resorted to long and tedious stage-coach trips to avoid the possibility of the mails being intercepted by rivals. Continued delay on the part of the Amherst Chapter only brought forth renewed effort from Hanover. Finally the petition was granted, and, conveyed by a delegation composed of brothers from Amherst and Yale, a charter arrived sanctioning the new chapter of the Alpha Delta Phi.

The presence of the delegates in Hanover put an end to all doubts in the minds of both Tau Delta and their rivals. On a windy March evening in 1846 the installation took place in Professor Sanborn's study (a room reproduced and preserved as a museum in Sanborn House); the charter was produced and signed, and Tau Delta Theta was formally evolved into the Dartmouth Chapter of the Alpha Delta Phi. With the same zeal that characterized its struggle for establishment, the new fraternity, quartered in its first club-rooms in old Dartmouth Hall, began

its long career at Dartmouth.

Since the erection of a new chapter house shortly after the war, Alpha Delta Phi at Dartmouth has received a new impulse, and is today pro-

gressing favorably.

# HAMILTON COLLEGE HAMILTON CHAPTER

#### THE HAMILTON CHAPTER

#### 1832-

The early history of the Hamilton Chapter is the early history of the Fraternity. In the winter of 1831-32 five students of Hamilton College came together in an upper chamber, after the evening lamps were lighted, to devise a method of helping each other forward in their study and culture and preparation for the future. Yielding to a good inspiration, which sometimes teaches the inexperienced to plan and build more wisely than they know, these five young men banded themselves together in a life-long lease which had in it the seeds of a wide-spread institution. The names of the five students were: Samuel Eells, who died in Cincinnati in 1842; Lorenzo Latham, who died in New Orleans in 1860; Henry Lemuel Storrs, whose death, in 1852, closed the early career of an eloquent and devoted minister; Oliver Andrew Morse, who died in 1870; and John C. Underwood, whose death occurred in 1873. In this movement Samuel Eells exercised a controlling influence. When he entered college there were in the institution two literary societies, the Phoenix and the Philopeuthian. The strong rivalry between these two societies was not infrequently inflamed into a feeling of hostility and bitterness. The evils connected with this state of things suggested to the mind of Mr. Eells the establishing of a "society of a higher nature and more comprehensive and higher principle." He meditated long and in private over the principles and the plan of the organization. In 1830 it existed only in idea; but in the fall of that year events occurred which induced him to hasten the attempt to clothe the idea with the outward form of reality. A few of the leading members of the two literary societies were approached with caution and finally admitted to his confidence. All approved of the plan and pledged themselves to the work. The first meeting was held in Mr. Eell's room, No. 15, Kirkland Hall. It was a meeting for consultation only, and no presiding officer was appointed, nor were any minutes taken. At a subsequent meeting Lorenzo Latham and Samuel Eells were appointed a committee to report a constitution and a badge. The whole of the constitution as at first adopted was drawn up by Mr. Eells. It is apparent from this sketch that the beginnings of Alpha Delta Phi are veiled to some extent in that obscurity which surrounds the origin of almost all institutions. It did not spring at once into full-grown manhood, but developed and matured until, in 1832, it attained its complete proportions.

The Chapter, in 1882, erected the "Samuel Eells Memorial Hall," a stone building, in honor of the founder, which served as the hall of the Chapter until June, 1928, when construction of a new house was begun. The new Chapter House, also known as "Samuel Eells Memorial Hall," was completed and first occupied in the fall of 1929. At that time the remains of Samuel Eells were removed to the Samuel Eells Memorial

Hall.

In September, 1932, the Mother Chapter acted as host to the other Chapters at the Centenary of the founding of the Fraternity.

## HARVARD UNIVERSITY HARVARD CHAPTER

#### THE HARVARD CHAPTER

1837-1865, 1879-1907

In 1836 there was in Harvard College no purely literary society to which Seniors and Juniors belonged as active members. The clubs were convivial or dramatic clubs, and active membership in the Institute and Iota Omicron Eta—which were debating societies rather than literary societies—ceased with the sophomore year. There existed at the same time a good nucleus for such an organization in the committee of editors of Harvardiana, a College monthly, which was conducted with some spirit by the classes of '35, '36, '37, and '38. The editors of Harvardiana, in '37 and '38, were men of decided ability, among them James Russell Lowell, '38. The suggestion was made to the editors of the class of '37, that they should form a literary society to be affiliated with Alpha Delta Phi. The men from '38 chose, as their successors in the society, the five editors of Harvardiana, who were to follow them.

The club had the decided advantage of being absolutely prohibited by the authorities. The Faculty was not fond of any society in those days, and would have given no permission for the formation of a new one, least of all to the founding of a secret society affiliated with other colleges. The consciousness of this prohibition gave all the more zest to the meetings. The society hired a room in Holyoke street, and provided the better magazines of the day to make it a reading-room. They laid out a good deal of literary work, and they seem to have done it. The standard was rather that of the press than that of public speaking, and the papers written and criticized were written as if for a magazine or

review. This was the ideal of the society for many years.

With the class of '65 the society was discontinued at Harvard.

In the winter of 1878-79 the desire sprung up among several of the Juniors and Seniors to reëstablish the society, with very much the same wish which had led to its formation at Cambridge. The most active members again were the editors of the College newspapers, and they proposed the reëstablishment of the society. The graduate members, who had always looked with regret on its discontinuance, were well pleased at the idea of a revival. The Convention of 1877 having given powers to a committee of graduates, in February, '79, the chairman of the committee, with the assistance of several members of the Fraternity, initiated four gentlemen from the two upper classes, and gave them power to elect and initiate members into the revived Chapter of Alpha Delta Phi.

In the autumn of 1896 ground was broken for a new house, which

was opened in the late spring of 1897.

The Chapter was again withdrawn in 1907 at the instance of its members, who found it difficult to fulfill their obligations to the Fraternity and at the same time conform to the customs of the Club System at Harvard. The members formed the Fly Club which still continues active among the local organizations of the Harvard undergraduates.

### HOBART COLLEGE GENEVA CHAPTER

.....

#### THE GENEVA CHAPTER

#### 1840-1876

On the evening of March 23, 1840, Mr. George Underwood and Mr. James Wickes Taylor, members of the Hamilton Chapter, organized the Geneva Chapter of Alpha Delta Phi, initiating two from the Senior Class, two from the Junior Class, and one from the Sophomore Class, together with Morse Stewart, a medical student of Penn Yan, and for-

merly a member of Hamilton College.

It seems to have been the custom at that time for secret societies to obtain charters, wherever established, from the college authorities, and in this case, objection having been made by the Faculty that the specific objects of the society were unknown to any of their body. In May Rev. Benjamin Hale, President of the College, was invited to become a member. This invitation was accepted, and on August 4 President Hale was duly initiated, and ever remained deeply interested in the Chapter and the society.

Until the closing of the Chapter in May, 1876, the history of the Geneva Chapter of Alpha Delta Phi is, with unimportant exceptions, a

record of continued and gratifying success.

The early rule of the society, that no elections or initiations could be made till the third term Sophomore, was soon felt by this Chapter to be a drag. In 1842 we find the Chapter earnestly agitating for a repeal of the rule, and the adoption of one which would leave each Chapter to judge for itself the time of election and initiation.

While it never was the policy of the Chapter to take a man simply for his class standing, it is felt to be a matter of congratulation that the ability to win college honors was so often found conjoined with those

other characteristics sought for in the choice of members.

To the members of the Chapter, the Chapter was known as "Our Lady of the Lake," and, by a pleasant fiction, it was in honor of "Our Lady"

that Commencement reunions were held.

From 1864 to 1873 the Chapter indulged in a navy; and on the waters of the silver Seneca was waged many a contest with "hostile friends" and others. It was a period of great interest in the history of the Chapter. The Alpha Delta Phi navy survived its rivals, and died at last from want of a foeman. The champion flag is today among the archives of the Chapter.

With sister chapters the Geneva Chapter ever cultivated the most cordial relations; but it felt itself especially bound to Hamilton as its

parent and to Cornell as its child.

The Chapter was closed in May, 1876. On account of unhappy dissensions in the Board of Trustees, a sudden and great reduction in the number of students attending the College took place that year, and after consultation, it was deemed best to withdraw the Chapter.

# UNIVERSITY OF ILLINOIS ILLINOIS CHAPTER

#### THE ILLINOIS CHAPTER

#### 1911-

In February, 1903, a local fraternity, which took the name of Pi Theta,

was organized at the University of Illinois by twelve men.

This organization in its beginning had as one of its objectives the securing of a Charter to become a Chapter of Alpha Delta Phi. This was the result of contact with a number of members of Alpha Delta Phi. especially two on the Faculty of the University of Illinois, Herbert Jewett Barton, Professor of Latin, Dartmouth and Middletown, '76, and Elliott Judd Northrup, Professor of Law, Amherst, '92.

Upon organization, the group rented a house in which the members lived and had their meals together. The membership was composed entirely of men of standing and attainment in the University, and the group from its inception had the good will and respect of the University authorities. It added membership of the same character and very shortly submitted a formal petition to the Fraternity asking that it be granted a charter. This was not granted upon the first application, nor upon several successive applications.

The failure to gain the objective did not discourage the members. The organization grew in strength as an important local fraternity at the University. By the year 1906 it had commanded the respect of a

very considerable number of the Chapters of Alpha Delta Phi.

Following the 1908 Convention of Alpha Delta Phi, held under the auspices of the Minnesota Chapter, representatives from all of the Chapters, upon the invitation of the local organization made a visit to the University of Illinois and the Pi Theta Fraternity. In 1911, the Charter was granted and the Illinois Chapter was installed at the Uni-

versity Club, Chicago, Illinois, January 13, 1912.

During the long campaign Professor Barton, in particular, was an enthusiastic champion of the new chapter and valuable counselor and adviser. After the installation, he became its resident counselor and continued in that capacity until his death in September 1933. Illinois Chapter owes much to his memory for his great loyalty to Alpha Delta Phi, his exemplification of the finest traditions and ideals of the Fraternity and his sympathetic leadership.

The Illinois Chapter owes much to Brother Henry W. Austin, Williams, '88, who has been a frequent visitor on the Campus, a wise counselor and more than any one else responsible for the material progress of the Chapter from a small rented house to a beautiful modern fra-

ternity house.

JOHNS HOPKINS

#### THE JOHNS HOPKINS CHAPTER

1889-

In November, 1888, there gathered together a band of graduate and undergraduate students in this University, intending to procure a charter

from the Alpha Delta Phi Fraternity.

After overcoming the determined opposition of several Fratres in Facultate, a formal application, signed by fourteen, endorsed by all the Fratres in Facultate, and by prominent Fratres in Urbe, was sent to the Executive Council, which voted unanimously to report the application unfavorably to the several Chapters of Alpha Delta Phi.

In the meantime, in Baltimore, a preliminary organization was effected under whose aggressive direction the project was ultimately brought

to a successful termination.

When the Executive Council first reported unfavorably, two interested brothers of Phi Kappa had a long interview with its Chairman, persuaded him to withhold the report of the vote, to call another meeting, and to allow the Johns Hopkins men to send representatives, who should

be allowed to speak before the meeting.

Accordingly, on February 1, 1889, two representatives went to New York, were thoroughly coached by the two Phi Kappa brothers and were duly presented to the Council. Armed with letters and documents from President Gilman and the preliminary organization, our representatives induced the Council to consent unanimously and to report enthusiastically in our favor. Then followed a long wait, on account of many vexatious delays, during which the preliminary organization was perfected. This took unto itself the name Alpha Delta Epsilon: (Aspiro Dum Expiro) i.e., "While there's life there's hope."

It was in those days that another Phi Kappa brother made a tour of the New York and Western Chapters and persuaded them to vote for us. On his return to the East he went to Yale and induced that Chapter

to regard us with favor. Finally, all had voted for us.

On May 6, nine Johns Hopkins men proceeded to New Haven. At nine P.M., under the auspices of the Executive Council, they were initiated, and our Chapter was founded in the presence of nearly a hundred brothers, young and old, from all parts of the country. At midnight the new Chapter met and elected its officers, also delegates to the Convention which was to be held with the Yale Chapter the next morning.

Convention over, the new Chapter left for home, where, on the fol-

lowing Tuesday, May 14, three brothers were initiated.

The years 1891-92 and 1892-93 found us established on a fairly firm basis. Our reputation as a fraternity at the University has extended throughout the City of Baltimore and the alumni of our institution.

The Johns Hopkins Chapter was host to the 107th Convention of Alpha Delta Phi in September, 1939.

#### THE KENYON CHAPTER

1858-

"The Kenyon Chapter received its charter in the year 1858. Tradition tells us that we are chiefly indebted to old Yale for this blessing. The first meeting of the Chapter was held in the parlors of the Kenyon House, at which time our charter members were initiated by Brothers McDonald and Webb, of Miami. Succeeding meetings were held for a time in the rooms of the different members; but soon a hall was secured for the exclusive use of the Chapter. Not content with this, steps were shortly taken towards building a lodge, and soon the structure was completed, which is now owned and used by the Chapter for lodge purposes."

The above quotation is from the semi-centennial catalogue of 1882. At the opening of College in the Fall of 1898 the active Chapter consisted of only one member, a senior, but some excellent men secured from the incoming students kept the Chapter from becoming extinct.

Owing to the tendency toward university growth, the student body at classical Kenyon is small, and as a result the Chapter has never assumed large proportions. Her membership today is much smaller than that of the majority of her sister chapters. But this deficiency in numbers has only served to stimulate her energy, and the years which have passed since the Chapter was established have witnessed marked improvements. While residential chapter houses have no place in Gambier under the College regulations, the East Wing of "Old Kenyon," set apart for our Chapter's exclusive use, answers the same purpose admirably. The interior of this fine stone dormitory, erected in 1828, has been entirely rebuilt since 1900 and the Chapter's quarters have been completely furnished and kept in good condition by the alumni. Her other home is the little ivy-colored lodge "beyond the campus," referred to in Kenyon's favorite song, "When the Evening Shadows Gather"; built in 1860 and in use ever since, it is believed to be the oldest collegiate fraternity lodge in the United States.

The progress of the Kenyon Chapter, then, has been neither in the way of numbers, nor in the improvement of her outward condition; the active Chapter is today no larger than that of years ago, and finds no inconvenience in occupying the (modernized) quarters which she held during the Civil War; but she has made valuable contributions to all the higher walks of life, and her sons, scattered from Paris to Shanghai, have at least made their impression, each on the community in which he has lived. Certain changes in some of her sister chapters are undesired in Kenyon's environment, but she has nevertheless made healthy progress, and met with abundant and gratifying success in the pursuit of literature, the cultivation of friendship, and the preservation

of the Fraternity's fair name.

#### THE McGILL CHAPTER

1897-

The first meeting held in Montreal with the object of forming a provisional society to apply for a charter of Alpha Delta Phi took place on a Sunday afternoon early in 1895. The meeting place was a bedroom in a boarding house on University Street. Besides the two whose bedroom it was, there were present four others. Ways and means were discussed and it was agreed to meet every Sunday at one of the homes. Six new members were added. After two or three months a room for meetings was rented in a boarding house in Mansfield Street, and the group assumed the title of the Alpha Epsilon Kappa Fraternity. Later the headquarters of the group moved to two fairly large and comfortable rooms over a shop in St. Catherine Street. There was a steady growth in numbers and solidarity, and prestige was greatly enhanced in university circles by the addition to the list of members of several members of the faculty. By the beginning of 1896 there had developed a strong and active local fraternity.

From the very first the McGill "local" was encouraged by the Toronto Chapter in an effort to obtain a charter. They sent more than one deputation on an errand of inspection, and as their requirements were satisfied they used their influence to the utmost on behalf of the petitioners. The McGill Chapter owes a great debt of gratitude to the Toronto Chapter. Deputations also came from the United States. The inspection was nothing if not searching and caused no small amount of perturbation. Finally the petition was granted and the McGill Chapter

of Alpha Delta Phi received the charter on May 11, 1897.

One hundred and thirty-three brothers were in service during the Great War. Thirty-nine were wounded, seventeen killed in action or died in service, and sixty-seven received honors and citations. The library of the chapter house is dedicated as a War Memorial, suitably decorated with many pictures of the Brothers who served their King and Country.

# MIAMI UNIVERSITY MIAMI CHAPTER

#### THE MIAMI CHAPTER

#### 1835-1873

It was through the personal efforts of Samuel Eells that the Miami Chapter was established. It appears from the "Memorial" of the founder of the society, that in February, 1835, he came to Cincinnati to commence the practice of the law. In September, 1836, he delivered his first public address before the Miami Chapter of Alpha Delta Phi at its first anniversary. The Chapter, then, must have been established in the month of

September, 1835.
Samuel Eells came to Cincinnati carrying a letter introducing him to Mr. Groesbeck, who had, the year before, been graduated at Miami University, and was then engaged in the study of law in Cincinnati. They immediately became friends. Mr. Eells laid before his new friend his scheme for founding among college students a society which should "be national and universal in its adaptations, so as not merely to cultivate a taste for literature, or furnish the mind with knowledge, but with a true philosophical spirit looking to the entire man, so as to develop his whole being,-moral, social and intellectual." Mr. Groesbeck approved of the plan, and consented to aid Mr. Eells in his undertaking, and was, thereupon, duly initiated, by Mr. Eells, in the law office in which Mr. Groesbeck was at that time studying.

Miami University was at that time the most celebrated institution of learning in the West, and Mr. Groesbeck, having just graduated there, was acquainted with all the students who would probably be available for membership in a society such as Mr. Eells had in view. He suggested certain names to Mr. Eells of those who seemed the most promising of the members of the University, and a correspondence was immediately commenced with them relative to the establishment of the society. This resulted in Charles L. Telford and John B. Temple coming to Cincinnati for initiation into the society, thus laying the foundation of Miami

Chapter, which they founded upon their return to Oxford.

Alpha Delta Phi soon became one of the institutions of Miami University, and flourished for a period of thirty-eight years from its establishment. During these years many other societies were instituted, with varying success, some of them becoming rivals of Alpha Delta Phi.

In June, 1873, Miami University was closed to students for an indefi-nite period, and with it the Miami Chapter ceased to exist. The membership of the Chapter was never large. Five brothers, who between the years 1838 and 1840 received elections while students in the Cincinnati Law School, were, until the publication of the Catalogue of 1860, regarded as a separate Chapter, though no charter was ever issued to them. In 1860 they were arbitrarily assigned to those classes of Miami whose Alpha Delta Phi delegations were smallest.

# UNIVERSITY OF MICHIGAN PENINSULAR CHAPTER

#### THE PENINSULAR CHAPTER

#### 1846-

On June 12, 1846, William Henry Goodrich, Yale, '43, who was at that time President of the Fraternity, wrote to Rufus Nutting, Hudson, '43, authorizing him to establish a chapter of Alpha Delta Phi at the University of Michigan. Brother Nutting evidently delegated his authority to others, for we learn that on August 5, directly after the conferring of diplomas, Henry Adoniram Swift, Hudson, '42, and Robert Ransom Kellogg, Urban, '35, led a group of seven students to a little office just off the college grounds, where they were duly initiated and Peninsular Chapter of our Fraternity organized.

From 1847 to 1852 the Chapter was engaged in a struggle for existence with the college authorities. As a measure designed to meet the unwillingness of the authorities to consent to the existence of the Chapter in connection with the University, a branch of the Chapter, independent of the College, was established in Ann Arbor. However, in the college year 1845-46, the Faculty passed a rule providing, among other things, that no student could be admitted into a class without first signing a pledge that he would not be a member of any secret society not approved

by the Faculty.

An attempt to enforce this regulation in the spring of 1847, under threat of expulsion, was followed by a compromise whereby the Chapter waived its claim to non-connection with the University and acknowledged the rule passed by the Board of Regents which demanded that a secret society's existence depended upon the Faculty's approval, while the Faculty decided that it had no power under the rules to legalize the Fraternity, thus confessing its lack of authority over the Chapter. The compromise did not last long and, following the graduation of the class of '49, the contest was renewed in the expulsion of all members of secret societies. The dispute which followed attracted the attention of the State and the press, and resulted in the reinstatement of the expelled students.

In the spring of 1851 the Faculty went to the extremity of expelling undergraduates and readmitting them only when they agreed to refrain from exercising their fraternity rights until after graduation. Under this procedure the chapter's active membership was reduced to three, but these three were as good as a host by reason of their resolute determination and a decided public sentiment in their favor. The Faculty then demanded the privilege of inspecting the constitution, and the Chapter refused. The struggle finally ended in the full recognition of the Chapter by the Faculty as of legal and regular standing in the University.

In the years that followed the Chapter made steady growth. In 1883 the Chapter moved into the stone building at 556 South State Street, the first fraternity house to be erected at Michigan. This house was occupied continuously until 1910. The present structure stands on the site

of the old one, in full view of the Michigan campus.

## UNIVERSITY OF MINNESOTA MINNESOTA CHAPTER

#### THE MINNESOTA CHAPTER

#### 1892-

In the spring of 1890, a movement was first made by a small group of students at the University to obtain a charter for a chapter of the Fraternity. They presented a petition at its next convention, which was referred to the Johns Hopkins Chapter to investigate and report, but

little or nothing was done.

As a result, however, the local alumni residing in Minneapolis and Saint Paul, at the request of this group, took the matter up and made a thorough investigation of all the men who desired to become charter members and selected from their number five (5), who organized themselves as a local society under the name of Alpha Delta Epsilon for the purpose of holding together until a charter could be obtained. At this time William Watts Folwell, Geneva Chapter, 1857, and President of the University of Minnesota, became interested and it was largely through his sponsorship that the Minnesota Chapter was later founded.

A petition was formulated and signed by leading alumni in the Northwest and presented for the consideration of the convention held in

Baltimore during May 1891.

On November 24, 1891, the Executive Council ordered the Charter to be issued. Five charter members were initiated at this time under the auspices of the local alumni of the Twin Cities on February 22, 1892. This Chapter had also been endorsed by many of the alumni associations, including those of Omaha, Chicago, Buffalo, and Cleveland, and at the initiation there were present forty-three members representing sixteen different Chapters, whose members resided not only in the Northwest, but also in Omaha, Chicago and New York.

Owing to the fact that most of the leading fraternities had been represented in the University for several years prior to our Chapter's installation and had built up a strong local body of young alumni in the Twin Cities, extra effort has been required to maintain the high standing of Alpha Delta Phi. However, by keeping before it as its watchword "quality and not numbers," the Chapter has been able to maintain

its position on the campus.

The Chapter has been fortunate in having its own Chapter House during all but the earlier part of its history. In 1925, the old house was razed and the present fine structure erected on the same ground oppo-

site the campus.

Two Alumni organizations exist in the Twin Cities for the promotion of Alpha Delta Phi. The one, the Northwest Alumni Association, furnishes an opportunity for the Alumni from all chapters to preserve their connections with the Fraternity. The other, the Minnesota Alumni Association, was established for those primarily interested in the direct and active support of the local chapter.

# NEW YORK UNIVERSITY URBAN CHAPTER

#### THE URBAN CHAPTER

#### 1835-1839

The Urban Chapter, connected with the University of the City of New York, was established, as were the first five Chapters of the Fraternity, through the efforts of graduate members of the Hamilton Chapter, or undergraduates who had left that college for other institutions; in the case of Urban, Daniel Huntington, Hamilton, '36, who on Christmas Eve, 1835, under power conferred upon him by the Mother Chapter. initiated Arthur Cleveland Coxe, a student in the University, afterwards the distinguished bishop of Western New York. These two then formally established the new Chapter, and others were speedily added to the number. At first the organization was known as the "Red Ribbon," distinguish its members from the "White Ribbon," of Columbia; but, in 1836, the name "Urban Chapter" was adopted. John Jay and John Henry Hobart were initiated for the purpose of enabling them to found a Chapter in Columbia College, in which they succeeded. Similarly, in accordance with the then existing law, three students in "Nassau Hall College," Princeton, New Jersey, were initiated with the intention of perpetuating the Fraternity in that institution; but this purpose was not carried out for reasons not now known, as all three have died. Urban Chapter also assisted in the establishment of Chapters at Yale, Harvard, and Brown Universities. In 1839 the charter was voluntarily surrendered by the Chapter.

# NORTHWESTERN UNIVERSITY NORTHWESTERN CHAPTER

#### THE NORTHWESTERN CHAPTER

1939-

On October 20, 1939, the Northwestern Chapter was established when the undergraduate members and a number of alumni of the Wrangler

Fraternity were initiated into the Alpha Delta Phi.

The Wrangler Fraternity was founded on May 20, 1903, by a group of eight Northwestern University men who, holding a mutual allegiance to the ideals of high scholarship, Christian manhood, and brotherhood, banded together to form a local fraternity which has perpetuated those ideals to the present day. Shortly after the Wranglers were organized, the members purchased their first official place of residence on Sherman Avenue in Evanston, a few blocks from the campus. From there, the members of the society moved in 1916 into one of the four new fraternity houses built in the quadrangles along the lake shore on Sheridan Road within the campus grounds. Since this time fifteen other fraternities have built houses in the men's quadrangles.

Existing for some time as the only local fraternity among the twenty national organizations at Northwestern, the Chapter steadily accumulated a record which placed it high in the estimation of faculty members, other fraternity men, and townspeople. From the first year of its founding to the present time, the Chapter has kept its position as first among

all the fraternities in scholarship.

Much of the success of the Chapter is due to the active interest of a large group of distinguished alumni. The fraternity house is owned and maintained by the Alumni Corporation, and each year the corporation awards a fellowship to an alumnus of the Chapter who is taking graduate

work at the university.

As a result of contacts between various members of the alumni and of the Alpha Delta Phi, mutual enthusiasm increased for developing a permanent association. In 1937, the active chapter voted to recommend to the Board of Trustees of the Corporation that a petition be presented to the Alpha Delta Phi. This was the result of visits with the delegates from the four closest chapters—Michigan, Wisconsin, Illinois, and Chicago.

Finally, at a special meeting on July 25, 1938, the Board authorized the presentation of the petition. This was done despite the fact that a number of well known national fraternities had previously offered the chapter the opportunity to affiliate, the chapter recognizing the Alpha Delta Phi to be the outstanding fraternity organization in America today.

# UNIVERSITY OF ROCHESTER ROCHESTER CHAPTER

#### THE ROCHESTER CHAPTER

1850-

The annals of the Rochester Chapter start with a sleigh ride. On the afternoon of February 18, 1850, eight students of Madison University (now Colgate) crowded into a sleigh and drove twenty miles over the snow to Clinton. At the Clinton House, which appears to have been a hotel in the village, they were initiated into the mysteries of Alpha Delta Phi by the Hamilton Chapter.

The minutes of this meeting are still in the archives at Hamilton and state that these eight men "had the intention of a removal to Rochester and the establishment there of a new Chapter." There is no record of any charter having been granted to this group at Madison, and if

meetings were held the minutes have not survived.

When the University of Rochester started almost a year later, in November, 1851, over half of both the faculty and the student body at Madison seceded to Rochester. Two of the Alpha Delts had graduated from Madison the previous June and seven more had been initiated making their number thirteen. These were the charter members of the Rochester Chapter—a group which had the unique distinction of being

older than the college in which it functioned.

It was by no means all smooth sailing at the start. The faculty was strongly opposed to the starting of any secret societies in the newly launched college and had in fact passed a resolution condemning them. But Professor Kendrick came to the rescue. While not an Alpha Delt himself he had been a classmate and close friend of Samuel Eells at Hamilton. This was enough. He knew that any brotherhood conceived and established by Brother Eells must be good. Being a man of strong personality and acting President, he made his point. This early opposition and its ultimate defeat with the aid of Professor Kendrick may explain why the first recorded meeting at Rochester was not held in November, 1850, as we might expect, but in September, 1851.

The complete series of minute books recording the Chapter's meetings has been preserved and the first entry in Volume I is dated September 16, 1851. It reports that "the Society met in the basement of the one and only college building, in the janitor's parlor, as no regular place of meeting had been procured." The secretary was instructed to write to

the Hamilton Chapter with regard to procuring a charter.

On May 31, 1852, came a letter from Brother Day, President of the Fraternity, containing the welcome news that the charter had been granted. The Chapter was at first called the Empire Chapter, and this name was retained until about 1860, when it was changed to the present

name of the Rochester Chapter.

During the first years of its existence, the College being poor and there being comparatively few students, the Chapter suffered many hardships, being reduced at one time to an active membership of three men. As the College became richer and more prosperous the Chapter became stronger in proportion, and now occupies a secure and honorable position among the institutions of the University of Rochester.

# STANFORD UNIVERSITY STANFORD CHAPTER

#### THE STANFORD CHAPTER

#### 1916-

In August of the year 1911, on the campus of the young but lusty Stanford University a group of men united in forming the Cardinal Club for the purpose of eventually petitioning for a Stanford Chapter of Alpha Delta Phi.

Leading the group were three seniors of the Class of 1912 who expressed as their objective the development of those qualities of character, scholarship, and literary ability that would be worthy of Alpha Delta Phi.

By the year 1913 the members of the Club considered that their organization had shown its caliber and vigor and was in the strategic position to carry its plea for membership to the Alpha Delta Phi. In October the petition was drawn up. At that time there were twenty-two

men in the Club, all prominent on the local campus.

Helping with the organization of the club were two members of Alpha Delta Phi, who lived in the house and helped in the general organization of the business of a chapter. The California Chapter sent a committee of three men each week to advise and instruct the petitioning body. Since then the history of the two chapters in the state has been somewhat interlocked. It was the California Chapter that helped so essentially in the fight for a charter, and it is with the California Chapter that the Stanford Chapter commemorates its founding with an informal gathering in the month of April every year.

Other sponsors were the Pacific Graduate Chapter of Alpha Delta Phi, and the three members of the Alpha Delta Phi on the faculty of

the University.

It was not until 1915, when the Alpha Delta Phi convention was held in San Francisco during the Panama Pacific Exposition that the petition of the Cardinal Club was formally presented to the Chapters of Alpha Delta Phi. Many of the delegates to the Convention visited the campus at Palo Alto and met individual members of the Cardinal Club. On April 17, 1916, the Cardinal Club first learned that it had been granted a charter. The formal installation of the new Stanford Chapter was held in May at the California Chapter House.

In the past twenty-five years, the Stanford Chapter has grown steadily. The chapter house was completely remodeled in 1926. A hard-surface volleyball and badminton court was built in 1941, and the remainder of

the large yard is now either lawned or shrubbed.

The Fraternity held its 106th Annual Convention under the auspices

of the Stanford Chapter at Del Monte, California, in 1938.

# UNIVERSITY OF TORONTO TORONTO CHAPTER

## THE TORONTO CHAPTER

1893.

The Toronto Chapter was established in 1893, the charter having been granted in the spring of that year. This was an important step in the history of the Fraternity as it marked the entrance into the "international" field. That such action was approved by the Fraternity at large is evidenced by the establishment of chapters at McGill University, Montreal, in 1897, and at the University of British Columbia, Vancouver, in 1926.

The Toronto charter was granted to a group which had been formed in April 1892 for the express purpose of petitioning Alpha Delta Phi. The group was carefully chosen from graduate and undergraduate members of the University and included three prominent members of the Faculty, two of whom are still living and are active and interested

members of the Fraternity.

The petition was considered by the convention held at Utica in May 1892, and the petitioning body was carefully investigated by several delegations who visited Toronto in 1892 and 1893. As a result of these investigations the charter was granted in May 1893, and as many as possible of the "Provisional Society" proceeded to New York and on June 10, 1893, were initiated under the auspices of the Columbia Chapter with Brother Clarence A. Seward, President of the Fraternity, presiding. The new members were accompanied to Toronto by two brothers of the Columbia Chapter and on June 13 the remaining members of the group were initiated. A chapter house was immediately secured, the first to be established at the University, and since that date the Chapter has enjoyed a successful career. This Chapter was the third Fraternity to be established in Toronto, being preceded by Zeta Psi and Kappa Alpha.

In the spring of 1916, a curious situation arose as all the active members of the Chapter were on active service in His Majesty's armies, but the Executive Council met this condition by adopting a resolution to the effect that the members were to be regarded as on leave of absence and the Charter was not suspended or revoked. Chapter activities were resumed in January 1919 under the supervision of a group of seven

graduates.

In the war of 1914-1919, the Toronto Chapter acquitted itself with credit. One hundred and one members were in service in various capacities, and of these eighteen were killed in action or died in service. Thirtythree decorations were awarded in addition to numerous "mentions in despatches." The Toronto Chapter has been honored by the election of several of its members as officers of the Fraternity.

Since resumption of Chapter activities in January, 1919, active membership has annually increased until it reached approximately thirty-two

members in 1941.

Some fifty members of the Toronto Chapter were on active service in the Second Great War by the Spring of 1941.

# TRINITY COLLEGE PHI KAPPA CHAPTER

## THE PHI KAPPA CHAPTER

1877-

The Phi Kappa Chapter was established on December 20, 1877, when the undergraduate members of the Phi Kappa Fraternity were initiated into the Alpha Delta Phi in accordance with an agreement signed November 23, 1877.

The Phi Kappa Fraternity was founded October 27, 1835, at Trinity College and was the second secret society established there. During its existence of forty-two years as a local society, it had a great influence

in the College.

The first National Fraternity to establish a chapter at Trinity was Delta Psi, which founded its Epsilon Chapter there in 1849 from a group of undergraduates not members of any of the then existing societies. Through the establishment of the Phi Kappa Chapter, Alpha Delta Phi

became the second National Fraternity of the College.

It has always been a source of great pride to the Chapter that the long and honorable history of the old Phi Kappa Fraternity was so signally recognized by Alpha Delta Phi when the new Chapter was formed and allowed to be known as the Phi Kappa Chapter.

Since its establishment the history of the Chapter has been one of continued improvement. The old Phi Kappa Society had possessed a hall in a large building in the city of Hartford, and upon the foundation of the Chapter this hall, with its appurtenances, passed into the hands of Alpha Delta Phi. It was, however, soon deemed necessary to increase these facilities; and, accordingly, a commodious ante-room was obtained and thrown into communication with the hall—both apartments being furnished in a tasteful and suitable manner. From time to time additions were made for the convenience and comfort of the members. In the spring of 1890 ground was broken on a lot facing the College property and the erection of a Chapter house begun. Since the completion of the house, in September, 1890, the Chapter has been very comfortably established, and the advantages of such a convenient and suitable home are yearly manifested. The Chapter's position in the College and the town is highly respected, its members worthily represent the spirit of Alpha Delta Phi.

# UNION COLLEGE UNION CHAPTER

#### THE UNION CHAPTER

1859-

In 1833, a year after the establishment of Alpha Delta Phi at Hamilton College, there was organized at Union College the Fraternal Society, from which the Union Chapter of Alpha Delta Phi was to emerge in 1859. During its twenty-six years of existence the Fraternal Society was of good repute, being held in especial esteem for the moral and intellectual worth of its members. This society, realizing the benefits to be derived from an affiliated fraternity and believing the aims and principles of Alpha Delta Phi to be in accord with what it desired, determined to petition for a charter. One tutor and sixteen undergraduates signed the petition early in 1859. On June 14, a charter signed by Richard Salter Storrs, then President of the Fraternity, was granted. Soon after the Chapter was duly instituted. Representatives from nearly all the chapters were present.

The first meeting was held on July 15, 1859. With the establishment of the Chapter, the Fraternal Society ceased to exist at Union College,

For several years rooms near the campus were occupied, but in 1892 conditions seemed to demand that the Chapter have a house of its own. The work was taken up by a committee of fifteen prominent Union Alpha Delts. While this committee had troubles of its own, its efforts were finally crowned with success when in the summer of 1898 the house was opened and turned over to the active Chapter where they have since resided and made their college home. This was the second fraternity house on the College campus.

The erection of the building was made possible by voluntary cash subscriptions, and the balance was raised by the issuance of bonds and money borrowed on a promissory note of the trustees. All but four of these bonds were taken by Alpha Delts. Every bond has long since been retired by outright gifts of the holders or through full or partial payment from the treasury of the Union Association of Alpha Delta

Phi, which owns the house.

Many improvements have been added since the erection of the house, including a mahogany panelled dining room, one of the most beautiful rooms on the campus, and two mantels in memory of brothers. Recently

the entire interior of the house has been redecorated.

The membership of the active Union Chapter has been kept throughout its history at about twenty-five, though at times this number has swelled to over thirty. During the war, however, the exodus of students to enlist left but four brothers, who constituted the entire active Chapter.

Three Fraternity conventions have been held under the auspices of the Union Chapter, the first in Schenectady in 1863, the second in the Senate Chamber at Albany in 1874, and the last in Schenectady in 1909.

# UNIVERSITY OF WASHINGTON WASHINGTON CHAPTER

#### THE WASHINGTON CHAPTER

1921-

Alpha Delta Phi at the University of Washington had its inception in 1909 when a group of men living in a college dormitory, becoming dissatisfied with conditions there and feeling a need for closer comradeship, organized themselves into a cooperative boarding club. In the fall of 1910 this organization was named the Kalevala Club by its members, and a constitution was adopted. Finally in the fall of 1911, the organization adopted the name Theta Chi, and revised the constitution to meet its growing needs; it was this local fraternity, Theta Chi, which

was eventually granted a charter by the Fraternity.

As early as 1911, the members of Theta Chi adopted as an unwavering objective the securing of a chapter of Alpha Delta Phi, and though charters were offered by various national fraternities during the ensuing years, the local chapter continued its efforts until this objective was achieved. In 1913, Theta Chi presented a semi-official petition to the Fraternity, but unfortunately insufficient information as to the proper procedure failed to bring this petition adequately to the attention of the Fraternity. In deference to the petitioning group at Stanford University, Theta Chi did not petition itself actively until the Stanford Chapter was installed. The local fraternity in that period devoted itself to the improvement of its personnel and ranking at the University. It was unusually successful in this, ranking first in scholarship among the fraternities on the campus for four of the following six years, and establishing itself as a recognized leader on the campus in extra-curricular activities in the face of strong competition from national fraternities then established at the University. At the termination of the war, Theta Chi again officially petitioned Alpha Delta Phi. Its cause was enthusiastically espoused by the alumni associations of Alpha Delta Phi in the Pacific Northwest, by members of other chapters then attending the University of Washington, and by the university administration, as well as by local chapters of prominent national fraternities. The cooperation of these groups resulted in the installation of the Washington Chapter of Alpha Delta Phi on October 29, 1921.

The Chapter since that date has enjoyed twenty years of uninterrupted growth, including the construction of a new chapter house and the granting to it of the distinction of being a host for the 103rd annual

convention of the Fraternity.

# WESLEYAN UNIVERSITY MIDDLETOWN CHAPTER

#### THE MIDDLETOWN CHAPTER

#### 1856-

The Middletown Chapter of Alpha Delta Phi was the eighteenth in order of establishment, receiving its charter on July 31, 1856, and holding its first regular meeting on Saturday evening, August 2. It sprang from the union of two local societies, the Betrians and the Lebanians. The Betrian Society was organized in 1847, from an older association, the Alpha Psi. The Lebanian Society began in 1854 with four members, adding to its roll eight more names during the first year. Its existence was for a time kept secret; but the excellent influence exerted by it upon its members, stimulating them to increased effort, ultimately led to the discovery of the organization. For about a year after 1855, both the Betrians and Lebanians patronized the Chronometer Eating Club and the gastronomic fellowship established, somewhat neutralized the rivalry.

The Annual Convention of Alpha Delta Phi in 1856 was held in New Haven and separate petitions for charters were presented by representatives of each society. However, until the fact was disclosed at the Convention, neither society knew that the other was considering a petition to Alpha Delta Phi. Their respective supporters in the Fraternity split the Convention and no decision was able to be reached. It soon became evident that, since either party was powerful enough to defeat the other, neither could succeed of itself. At this juncture a union was proposed. This was finally effected. The united societies were initiated into the Fraternity of Alpha Delta Phi at the McDonough House, in

Middletown, Connecticut, on the evening of July 31, 1856.

The subsequent history of the Chapter has been, in the greatest measure, what its auspicious birth predicted. In a University where the fraternity life is carried almost to an extreme, with the natural consequence of intense rivalry, Alpha Delta Phi has always been awarded a foremost position. The devotion of undergraduates and alumni have insured to her unvarying success. No fraternity represented at Wesleyan has so enviable a record for the results of the successive fall "cultivation" seasons, because no other can show to the incoming freshman such chapter traditions and such worthy exponents of those traditions. The popularity of her ideals is further shown by the large proportion of her members that are annually called by the student body to fill positions of responsibility and honor.

# WESTERN RESERVE UNIVERSITY HUDSON CHAPTER

# THE HUDSON CHAPTER

1841-

The Hudson Chapter was founded July 1, 1841, at the Western Reserve College in Hudson, Ohio, by Samuel Eells, the founder of the Fraternity and Joseph Few-Smith, Yale, '40, then a tutor at Western Reserve. Mr. Eells was then in the last year of his life, and in failing health; and his coming to Hudson to take the leading part in establishing a Chapter there must have been felt by him to be probably the last service he should be able to render to the Fraternity he loved so well. That the countenance of the Faculty of the College was not lacking is shown by the election to membership of two professors at the second meeting of the Chapter, and of two more shortly after. No secret fraternity had existed at the College before the establishment of the Hudson Chapter.

During the period from 1852 to 1855, the number of students in the College became very greatly reduced owing to the troubles in which the College was then involved, and the active membership of the Chapter fell to two or three. With the inauguration of a new president in 1855 the College regained its old footing and, beginning with the class of 1859 entering that year, the Chapter became again able to add to its membership year by year delegations of the accustomed size and strength.

In 1882 the name of the College was changed to "Adelbert College of Western Reserve University," and the College was removed to Cleveland. The chapter life in Hudson had been such as is characteristic of a college in a small town where the student life centers in and about the college dormitories; while since the removal to Cleveland has come about the adaptation of both College and Chapter to the surroundings of a city with a less proportion of the students living upon the college grounds.

For fifteen years following the removal of the College to Cleveland, the Chapter had its rooms in the Cobb & Bradley block on Euclid Avenue. In 1897, it leased a convenient house on Fairchild street, near

the college grounds.

In 1915 the Cleveland Alpha Delta Phi Corporation, with the aid of other members of the Fraternity, purchased a house on Cornell Road, a few blocks from the campus. The Chapter remained here until the fall of 1935 when they moved into rented quarters nearby.

The alumni organization was changed in 1934 and is now functioning

as The Hudson Alpha Delta Phi Association.

# WILLIAMS COLLEGE WILLIAMS CHAPTER

# THE WILLIAMS CHAPTER

1851-

The Williams Chapter of Alpha Delta Phi was an outgrowth of a chapter of Beta Theta Pi which was founded in 1847. At that time there were no chapters of Beta Theta Pi in the East, so the Williams Chapter, in an effort to remedy that situation, founded a chapter in Brown University in 1848. The abandonment of Beta Theta Pi at Brown was a great blow to the Williams Chapter and eventually resulted in the death of the Chapter at Williams. The Williams group then thought of applying for a chapter of Psi Upsilon but a second group at Williams which had in it strong men, had in the meantime applied for a charter of Alpha Delta Phi. Feeling that two new fraternities were too many for Williams, the old Beta Theta Pi group likewise applied for a charter of Alpha Delta Phi.

Thus the two groups combined and a charter was granted July 1, 1851, when twenty-five men were initiated into the Williams Chapter. As there were not enough badges to go around, the first appearance of the initiates did not occur until July 9 at a college meeting when such excitement was caused that the meeting adjourned at once without taking

up the matter for which it had been called.

Naturally the Beta Theta Pi fraternity resented the action which its Williams Chapter had taken. The Williams Chapter was declared defunct and it was further stated: "that in view of the recent breach upon our Association we would suggest the propriety of a judicious extension of Beta Theta Pi mainly at the West.

The Williams Chapter initiates were brought into the Fraternity by several members of the Yale Chapter.

For ten years after its founding the Williams Chapter flourished, but in 1862 it nearly went out of existence. It was the advent in 1863 of Francis Lynde Stetson who was instrumental in bringing in such classmates as G. Stanley Hall, Hamilton Wright Mabie, Henry A. Harmon and Charles Sherwood West which brought the Williams Chapter of Alpha Delta Phi into a position of usefulness and power.

The society had had various lodges up to 1865, until, in October, 1869, a permanent home for the Chapter was completed. On the fifth day of November the hall was dedicated to Alpha Delta Phi. In 1880 a handsome porch was erected to the memory of one of the brothers by his family and members of Alpha Delta Phi associated with him in Col-

lege which remains as part of the present house.

The latter part of July, 1894, a new house was begun and on March 30, 1895, was occupied for the first time by the Chapter. In 1906 the Lodge was built, and seven years later a library was donated by Howard Eells in loving memory of Samuel Eells. In 1929 a wing was added to the house which now has total accommodations for eighteen brothers exclusive of the alumni dormitory.

# UNIVERSITY OF WISCONSIN WISCONSIN CHAPTER

WISCONSIN

### THE WISCONSIN CHAPTER

1902-

Alpha Delta Phi established its Wisconsin Chapter in 1902. It was the thirteenth national fraternity to install a chapter at the University

of Wisconsin.

The first attempt to obtain a charter at Wisconsin was made in 1885. At that time a group of six men pledged to one of the then-existing national fraternities became dissatisfied with prevailing conditions and decided to petition Alpha Delta Phi. Upon hearing of the existence of this group, several other national fraternities saw the chance to use it as a nucleus for a Wisconsin Chapter, but the group was interested solely in Alpha Delta Phi. After three years of unsuccessful petitioning, the attempt was given up.

In 1897 seven men founded a local fraternity, Phi Rho Beta, with two definite aims: (1) to promote character, leadership, scholarship, and brotherly feeling in its members, and (2) to found a chapter of Alpha Delta Phi on the Wisconsin campus. At first this effort, too, seemed doomed. However, through the influence of Alpha Delts of the Wisconsin, Chicago, and Michigan faculties, the cause gained ground. Finally in May 1902, at the annual convention of Alpha Delta Phi the petition

for a Wisconsin charter was granted.

In recent years the number of men in the Chapter has averaged about 30. Earlier chapters were smaller, but the growth of the University made it inevitable that delegations should be larger, despite a conservative

policy of limiting membership.

The original home of the Chapter was a frame house located on Langdon Street. In 1916 the present chapter house, at 640 North Henry Street, in Madison, was purchased for \$50,000. It has rooming accommodations for 20 men. The house is located on the shores of Lake Mendota and includes a stone boat house. The memory of this beautiful setting is

one which a Wisconsin Alpha Delt never forgets.

For a great many years the Chapter profited by the guidance of Dr. Charles Stewart Sheldon, Yale, '63, long a resident of Madison. While those of the present Chapter never had the pleasure of knowing Dr. Sheldon, stories and instances of his devotion to the Fraternity have all been handed down. Carlisle V. Hibbard today is well known by the members of the active Chapter for his deep and sincere interest in their welfare and for his great and generous personality.

# YALE UNIVERSITY YALE CHAPTER

# THE YALE CHAPTER

#### 1836-1873, 1888-1935

The Yale Chapter of Alpha Delta Phi was established by members of the Hamilton Chapter. Its charter members were, accordingly, themselves initiates, and its first recognition by the Fraternity in convention assembled antedates by nearly a year the time generally assigned to its foundation, its first meeting having been held before that of Columbia,

although the latter received an earlier charter.

The Yale Chapter continued in active existence for thirty-seven years and took an important part in Fraternity government and the shaping of its policy. The Brunonian Chapter was established by a Yale delegation, and the conversion of the local society, Iota Pi Kappa, at Amherst into a Chapter of Alpha Delta Phi was likewise largely due to Yale influence and effort. The first song-book and, with two exceptions, all the catalogues, until 1860, were likewise issued from Yale, while at the second convention, held in New Haven, August 15, 1839, was delivered an address by Samuel Eells, which was the first of those public exercises that have now become a normal part of the annual celebration of most Fraternities.

As a result of most unfortunate complications induced by the political and social conditions of Yale life, this Chapter suspended its activity in the spring of 1873, and voluntarily surrendered its charter at a conven-

tion held at Cornell in the same year,

In the spring of 1888, a small but earnest group, having proved the sincerity of their purposes and desires, sought and received a new charter. In the winter of 1893-94, committees from Psi Upsilon and Delta Kappa Epsilon, existing in Yale as junior societies, met one from Alpha Delta Phi to discuss a plan by which the Yale Chapter should also become a junior society, and the three should amicably coöperate in their choice of future candidates for election. In the winter of 1894-95 the conference was again renewed and the importance of determining the question according to the suggestion there made became so apparent that the Chapter entered into an agreement with the two societies named to adopt the proposed policy, provided the consent of the Fraternity could be obtained at its next convention. At the convention held with the Columbia Chapter in May, 1895, the proposition of the Yale Chapter was approved.

In 1935, after some years of deliberation as to the wisdom of such action, the Yale Chapter voluntarily withdrew from the Fraternity and surrendered its Charter to the Executive Council. The evolution of the intramural college system on the Yale campus, with the consequent segregation of the undergraduates into smaller groups, made the continued existence of junior societies like Alpha Delta Phi extremely difficult. It was with great regret that the remaining chapters of Alpha Delta Phi accepted the inevitable. The Yale Chapter will always be honored for its distinguished contributions to their Alma Mater, to the

nation at large, and to Alpha Delta Phi.
